AMPP PAKISTAN:

The Association for Materials Protection and Performance (AMPP) Pakistan is a chapter of AMPP International USA (formerly NACE International). With over 40,000 members internationally, AMPP USA has local chapters in various countries like Canada, China, India, Malaysia, Africa, and many other countries, including Pakistan, spread over the globe. The AMPP Pakistan Chapter is locally governed by a Governing Board of Local Officers. AMPP/NACE aims to equip individuals with skills and knowledge of Corrosion Control, Material Selection, and Asset Integrity. They regularly organize learning and awareness sessions and events to protect people, assets, and the environment from the adverse effects of corrosion. The technical sessions organized by AMPP Pakistan Chapter are addressed by experts having practical knowledge acquired over the years. The 'CorPak' series of conferences by AMPP Pakistan and Inspectest in 2018, 2019 and 2022 has been extremely successful with over 150+ participants in every session.

About SKEN BMS:

Established in 2009, SKEN Business Management Services is a provider of comprehensive business services specializing in corporate event planning, organization, and management. With a focus on various sectors such as Energy (Renewable & Non-Renewable), Power Generation, Iron & Steel, Corrosion, Asset Integrity Management, Engineering, Industrial Manufacturing sectors, Safety & Environment; SKEN BMS has been instrumental in producing high-end and sector-focused corporate events for 14 years. Driven by a mission to address crucial issues within Pakistan's engineering and industrial sectors, SKEN Business Management Services aims to deliver strategic business information, intelligence, and best practices through its events and services. SKEN BMS offers a diverse range of learning services tailored to meet the unique needs of its clients. These services include in-house/classroom/bespoke training courses and workshops, corporate events, gatherings, meetups, business consultancy services, and corporate match-making.
